Online	0.07	0.02	0.09
In-Store	0.57	0.31	0.89
Grand total	0.65	0.35	1.00

■ Sister ■ Myself

## Background:

My sister and I started shopping at Target in 2022 during the time of our first move. As frequently as our visits got, I've started tracking cost of purchases and dates visited to see how often we spend our time at Target.

All of the information is primary data from both of our Target accounts.

## Total Cost of Purchases

3,113.68
